Funiculi Fabric

Oberfläche

- zand
- wit

Technical details

Land van fabricage Spanje fabrikant Marset

ontwerper Lluis Porqueras

jaar 2018 bescherming IP20

Omvang van de levering LED 230 Volt voltage geschiktheid 110 - 240 Volt

materiaal ijzeren, polyester, rubber

kabel kleurzwartkabellengte200 cm

dimmen dimbaar op locatie

base/versie E27

schakelbaarheid aan de lijn

Wattage 8 W

LED inclusief

Schaduw diameter 33 cm

schermhoogte 28 cm

kandelaar Dimensions 30 cm

bulb vervangen: ter plaatse zelf

Dimensions H 158 cm

Omschrijving

The Funiculi is one Marset's most emblematic lamps. Its design is over 30 years old, but is still just as modern and functional as the day it was designed. With its direct or indirect light, easily adjustable height and variety of bright and subdued colours, the series leaves little room for innovation. Yet there's one avenue that remains unexplored. Heir to the first floor lamp is the Funiculi Fabric with a fabric shade, a design that Lluis Porqueras first conceived in 1979 but that is only 2018 seeing the light of day. Respecting the initial design to the fullest, only its proportions have been updated. In this new version, the cloth on the shade unlocks the light, allowing it to filter through and better illuminate the space. It shares the same structure as the original, so you can easily adjust the lamp to your desired height. The essence of both lamps continues to be their simplicity, but the new design is chic and classical, perhaps even more sophisticated than the original. This floor lamp is available with a shade in white and sand, base and rod are always made in black lacquered iron.
