Omschrijving

The Foscarini Spokes 2 MyLight pendant lamp has a diameter of 52 cm and a height of 52.5 cm. Its lamp shade consists of vertically arranged spokes made of round steel tubes. The lamp is available in white, graphite, black, gold and copper surfaces. Two LEDs with a total output of 30 watts are integrated as illuminants. The electric supply is routed along a spoke, so it is not visible from the outside. The cable with a maximum length of 340 cm can be shortened if required. The pendant lamp is also on request available with a longer cable.

The Spokes 2 MyLight is regulated and dimmed via Bluetooth with Casambi App by smartphone or tablet (IOS, Android). In this way it can be regulated at a light intensity of 0-100% without the need for new devices, cabling, switches or Internet connections. The light only needs to be installed and connected to a smartphone or tablet via Bluetooth. Additional configurations by qualified personnel are not required. The pendant lamp is also offered by Foscarini as a lamp that is non-dimmable or DALI dimmable.
