

## Arturo\_Alvarez Aimei

### Technical details

<b>Land van fabricage</b>	Spain
<b>fabrikant</b>	Arturo_Alvarez
<b>ontwerper</b>	Arturo Alvarez
<b>jaar</b>	2019
<b>bescherming</b>	IP20
<b>Omvang van de levering</b>	LED
<b>voltage geschiktheid</b>	230 - 240 Volt
<b>materiaal</b>	glas, hout, staal
<b>kabel kleur</b>	transparant
<b>hoogteverstelling</b>	hoogte bepaalbaar
<b>dimmen</b>	dimbaar op locatie met faseafsnijding dimmer
<b>Wattage</b>	8 W
<b>LED</b>	inclusief
<b>Lichtstroom in lm</b>	960
<b>Kleurtemperatuur in Kelvin</b>	2.700 extra warm wit
<b>luifel Dimensions</b>	12 cm
<b>totale hoogte</b>	200 cm
<b>Dimensions</b>	H 80 cm   B 80 cm   L 80 cm

### Omschrijving

The Arturo Alvarez Aimei pendant lamp is made of ash wood. Ash wood is a particularly flexible and versatile material. By means of handcrafted processes, curved and durable surfaces can be produced using this resistant and high-quality material. A spherical glass diffuser reduces glare and spreads the emitted light homogeneously through the spaces between the wooden rods into the room. The lamp is a total of 80 cm high. It has a length and a width of 80 cm each. The pendant lamp is attached to a transparent cable. The nickel-plated steel canopy has a diameter of 12 cm. Including the suspension, the lamp has a total height of 200 cm, the cable can be shortened if required. The light source integrated in the Aimei is an LED with a colour temperature of 2,700 Kelvin extra warm white, which can be dimmed on site with a trailing edge phase dimmer. The pendant lamp is also available on request with a colour temperature of 3,000 Kelvin warm white. A DALI dimmable version is also available on request.
