Omschrijving

The Escale Blade 34 cm can be mounted on the wall or ceiling. Its lamp shade has a diameter of 34 cm and a depth of 3.5 cm. The lamp radiates its light to the ceiling or wall, from where it is reflected, creating a halo effect around the lamp. The Blade 34 cm is available in white matt, black matt, silver matt anodised, concrete look, gold leaf, taupe anodised and anthracite finishes. An LED is integrated as a light source.

This lamp is available in three versions: on site dimmable with trailing edge and leading edge dimmer, with Casambi module or with ZigBee module. The Casambi Modul version can be dimmed with the Casambi App by Smartphone / Tablet via Bluetooth. The ZigBee module version can be regulated by voice control. A connecting set is offered as an accessory, with which two Blade lamps can be combined and connected to a single power connection. Several connecting sets can be used to connect several lamps to form one large lamp. A Plug and Play cable with toggle switch is additionally available as an accessory, with which one Blade lamp can also be connected directly to a power socket.
