

Holtkötter

Supernova PW

Oberfläche

- aluminium
- messing
- platina
- zwart

Technical details

Land van herkomst	 Duitsland
Fabrikant	Holtkötter
Ontwerper	Holtkötter
jaar	2019
Kleurtemperatuur in kelvin	2.200 - 2.900
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
voltage geschiktheid	230 - 240 Volt
materiaal	metaal
Hoogte-instelling	hoogte verstelbaar
dimmen	Touch Dimmer op de lamp
LED	inclusief
Kleurweergave-index	>90
luifel Dimensions	38 cm
lampkop massa	42 cm
bulb vervangen:	bij de fabrikant / fabriek
prestaties van het systeem	1 x 29 + 1 x 31 Watt
Totale lichtstroom in lm	8.750
lichtverdeling	direct
totale hoogte	45 - 160 cm

Omschrijving

The Holtkötter Supernova PW is a flexibly adjustable pendant lamp. It consists of an outer ring and an inner disc, which can be adjusted differently. The outer ring emits its light downwards, but can also be adjusted at an angle. The inner disc can be rotated almost 360 degrees independently of the ring and can therefore distribute its light downwards, upwards or sideways. The LEDs of the ring and disc are separately switchable and infinitely dimmable. The two push button dimmers are integrated on the ring. When dimming, the light colour of the integrated LEDs changes to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin extra warm white) thanks to Dim-to-warm technology. If necessary, the LEDs can be replaced by the manufacturer.

The total height of the Supernova PW is adjustable by simply pushing upwards and pulling downwards from 45 cm to 160 cm. Installation on a sloping roof is also possible. Thanks to a roll-up mechanism, the excess cable disappears into the canopy and the lamp always remains horizontal at the desired height. Special lengths for the light are also available on request. The pendant lamp is offered in matt aluminum, anodised brass, platinum and black.
