Omschrijving

The Siam 120 is manufactured by the Spanish light manufacturer Bover and is based on a design by Joana Bover. The ceiling mount with a diameter of 14 cm is made of metal and is available in nickel surfaces. The light of the Bover Siam 120 is emitted directly downwards through a methacrylate diffuser. At the same time it spreads diffusely to the sides. The Siam 120 has a diameter of 120 cm, the total height of this ceiling lamp is 36 cm. Due to the small distance of only 8 cm between the lamp and the ceiling, a radiant light circle is created on the ceiling. This lamp is available in the shade colours white and cream. The Bover Siam 120 has E27 sockets and can be operated with LED retrofit lamps. This lamp is on site dimmable.
