The reflector is available in black matt, brass, stainless steel brushed and copper. The canopy has the same colour as the reflector. A special feature of the Knot lamps from Brokis is the cable which runs through the glass and ends in a knot at the lower end of the lamps. On request, the Knot Small Sfera smoke grey is available as not dimmable version. It is also offered with transparent, smoke brown or opaline glass. A larger version of the lamp is additionally available.
