

# Serien Lighting

## Cavity Recessed L

### Oberfläche

- aluminium
- zwart
- bronzen
- wit

### Voltage

- 230 - 240
- 110 - 125

## Technical details

Land van fabricage	 Duitsland
fabrikant	Serien Lighting
ontwerper	Jean-Marc da Costa und Manfred Wolf
jaar	2019
bescherming	IP20
Omvang van de levering	LED
voltage geschiktheid	110 - 240 Volt
Diameter in cm	13
materiaal	aluminium
dimmen	dimbaar met fase- en fase-afsnijding en fase-regelingsdimmer
Wattage	20 W
LED	inclusief
Kleurweergave-index	>95
Lichtstroom in lm	2.070
Kleurtemperatuur in Kelvin	2.700 extra warm wit
bulb vervangen:	ter plaatse zelf
Dimensions	H 3 cm   Ø 13 cm

## Omschrijving

The Serien Lighting Cavity Recessed L is suitable for installation in cavity ceilings. This ceiling lamp is 2.8 cm high and has a diameter of 12.5 cm. It emits its light mainly directly downwards. The LED is recessed in the lamp so that the light is shielded to the side. Part of the emitted light is reflected by the lamp itself. The Cavity Recessed L is made of aluminum and is available in black, white, aluminum gloss finish and bronze finish. The integrated LED can be replaced if necessary and is dimmable on site with a trailing edge or leading edge phase dimmer. It is supplied with a colour temperature of 2,700 Kelvin extra warm white as standard. On request, the recessed ceiling light is also available with a colour temperature of 3,000 Kelvin warm white or DALI dimmable. A driver is included in the scope of delivery.
