Omschrijving

The Byok Mikado XL floor lamp has a height of 200 cm. Its lamp shade has a diameter of 88 cm at the bottom and 80 cm at the top. The shade is 34.5 cm high. Two LED light sources are integrated into the lamp shade: a central LED and a spotlight directed downwards. The light is emitted mainly downwards and upwards. The two light sources can be dimmed separately using gesture control. When dimming, the Dim-to-warm technology changes the light colour of the integrated LEDs to a warmer tone (from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white).

The Mikado XL from Byok is available in aluminum natural glossy anodised and black matt anodised surfaces. Its lamp shade is offered in the colours ivory and dark brown. On request, the floor lamp is also available with other shade colours. Besides this lamp, the Mikado L is also on offer with a height of 175 cm.
