### Omschrijving

The Knapstein GRIT-80 wall lamp has an elongated, swivelling lamp head. It is therefore particularly suitable for illuminating and highlighting pictures or photos on the wall. The lamp head has a width of 80 cm. The wall or picture light has a depth of 18.5 cm. The GRIT-80 from Knapstein is available in the following surfaces: brass polished, brass matt, bronze or matt nickel-plated. The wall bracket has the matching surface in each case. The four E14 sockets are suitable for lamps with a maximum output of 25 watts each (special bulb shape T-Fridge). From the series, wall lamps with a width of 30 cm or 40 cm are also offered.
