Omschrijving

The Grupa Arigato Wall Short is a wall lamp with an adjustable lamp arm. The lamp arm can be rotated 135 degrees and swivelled 180 degrees. It has a length of 32 cm. The lamp shade can be rotated 360 degrees and tilted 125 degrees. A diffuser at the bottom of the lamp shade ensures glare-free light distribution downwards. The lamp can be connected via a provided supply line or directly to a wall connection. An on/off switch is integrated on the wall bracket. The Arigato wall lamp is available in black or white matt powder-coated finish. It is available in other finishes on request. The lamp has an E27 socket and is suitable for halogen lamps or LED retrofits. Grupa also offers wall lamps from the series with one jointed arm of different lengths or with two jointed arms.
