voltage geschiktheid	230 - 240 Volt
materiaal	aluminium
oppervlak	aluminium
LED	inclusief
Kleurweergave-index	80
Kleurtemperatuur in Kelvin	2.700 extra warm wit
prestaties van het systeem	2 x 5 Watt + 2 x 8,5 Watt
Totale lichtstroom in lm	2.620
Dimensions	H 12 cm B 8 cm L 73 cm

Omschrijving

The rectangular LED ceiling light Bopp Session 4-light is made of aluminium and emits warm white light glare-free directly and into the room. This LED ceiling light in the polished aluminium finish is 73 cm long, 8 cm wide and 12 cm high. The rectangularly designed lamp has a combination of two externally mounted, tiltable and rotatable spotlight heads and two fixed, centrally arranged luminaire elements. The two outer, tiltable and rotatable spotlight heads enable precise alignment of the light sources. The lamp is available in three versions: dimmable with a trailing edge and / or leading edge phase dimmer, with a Casambi module or with a ZigBee module. With a Casambi module, it is possible to operate the ceiling light via smartphone or tablet using the Casambi app via Bluetooth. With a ZigBee module, the lamp can also be regulated via voice control. Both modules allow the lamp to be controlled via app.
