## **Omschrijving**

The Betec Clarus is available here with a length of 56 cm and a projection of 17 cm (bracket type 17). Its lamp head can be rotated around its own axis so that a picture can be illuminated without glare. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting. The lamp is ideal for illuminating pictures, menus and music stands.

The Betec Clarus 56 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. With the mounting set included in the scope of delivery, the light can easily be mounted directly on a picture or onto the wall. The picture light has a colour temperature of 2,700 Kelvin extra warm white as standard. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED features very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. From the series, lamps are also on offer in ten other lengths and with a projection of 11 cm or 22 cm.
