B.Lux

C_Ball W 2L

Oberfläche

- messing
- zwart

Technical details

Land van fabricage	🇪🇸 Spanje
fabrikant	B.Lux
ontwerper	Stone Designs
jaar	2015
bescherming	IP20
Omvang van de levering	Leuchtmittel/Bulb
voltage geschiktheid	230 - 240 Volt
Diepte in cm	20
materiaal	metaal, opaalglas
base/versie	E14
LED	inclusief
prestaties van het systeem	1 x E14 12 Watt (max.) + 1 x LED 4,5 Watt
Wall mount Afmetingen	hoogte 27 cm, breedte 19 cm, diepte 3 cm
Dimensions	H 27 cm | B 19 cm

Omschrijving

The B.Lux C_Ball W 2L is a wall lamp with a ball made of opal glass, through which the light is emitted homogeneously and gently into the room. As an additional light source, the wall lamp has a swivelling lamp head that can be realigned at any time. The mounting ring of the opal glass ball and the wall bracket are both made of metal. These metal parts are available in the surfaces brass satin and black matt. The ball made of opal glass has a diameter of 15 cm. Including the wall mounting, the lamp is 19.5 cm deep. The wall mounting or the lamp itself is 19 cm wide and 27 cm high.

The swivelling lamp head of the C_Ball W 2L is operated with an integrated LED with a colour temperature of 3,000 Kelvin warm white. The E14 socket inside the opal glass ball is suitable for replaceable LED retrofits or compact fluorescent lamps. On request, a version is also available that can be dimmed with a Casambi module by smartphone via Bluetooth. This version with Casambi module can be operated easily and intuitively via mobile devices with the free CASAMBI app (iOS and Android). Casambi thus expands the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more. In addition to this wall lamp with an additional lamp head, a wall lamp from the series with room light is also offered, the C_Ball W 1L.
