

Knapstein

ELIN

Oberfläche

- nikkel
- zwart
- bronzen

Technical details

Land van fabricage	 Duitsland
fabrikant	Knapstein
jaar	2024
materiaal	Acryl, Metaal
hoogteverstelling	hoogte verstelbaar
dimmen	gebarencontrole
Wattage	110 W
LED #	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	11.232
Kleurtemperatuur in Kelvin	2.200-3.000
bescherming	IP20
Omvang van de levering	LED
voltage geschiktheid	230 - 240 Volt
bulb vervangen:	bij de fabrikant / fabriek
totale hoogte	70 - 170 cm
Dimensions	H 5,5 cm B 35 cm L 95 cm

Omschrijving

The Knapstein ELIN pendant lamp emits its light upwards and downwards at the same time. The uplight and downlight can be switched and dimmed separately using gesture control. The light colour can be adjusted separately for the uplight and downlight to a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The height of the lamp can be adjusted within a range of approx. 100 cm by pulling or lifting the lamp profile. The sensor area for gesture control is located in the centre of the lamp. The lamp is switched on or off with a swiping hand movement in the sensor area. To change the light intensity, the hand is held longer in the sensor area. The desired light colour can then be set by holding the hand in the sensor area for a longer period again. The ceiling canopy of the Knapstein ELIN LED pendant lamp has a magnetic holder, so no screw connections are visible. There are several surfaces available.
