Technical details

Land van fabricageDuitslandfabrikantKnapsteinjaar2024

materiaal Acryl, Metall

hoogteverstellinghoogte verstelbaardimmengebarencontrole

Wattage 110 W
LED # inclusief
Kleurweergave-index >90
Lichtstroom in Im 11.232
Kleurtemperatuur in Kelvin 2.200-3.000

bescherming IP20
Omvang van de levering LED

voltage geschiktheid 230 - 240 Volt

bulb vervangen: bij de fabrikant / fabriek

totale hoogte 70 - 170 cm

Dimensions H 5,5 cm | B 35 cm | L 95 cm

Omschrijving

The Knapstein ELIN pendant lamp emits its light upwards and downwards at the same time. The uplight and downlight can be switched and dimmed separately using gesture control. The light colour can be adjusted separately for the uplight and downlight to a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The height of the lamp can be adjusted within a range of approx. 100 cm by pulling or lifting the lamp profile. The sensor area for gesture control is located in the centre of the lamp. The lamp is switched on or off with a swiping hand movement in the sensor area. To change the light intensity, the hand is held longer in the sensor area for a longer period again. The ceiling canopy of the Knapstein ELIN LED pendant lamp has a magnetic holder, so no screw connections are visible. There are several surfaces available.
