

Lumina

Opus

surface

- czarny
- biały

Technical details

Kraj produkcji	 Włochy
Producent	Lumina
Projektant	Monici, Walter
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania	Leuchtmittel/Bulb
napięcie przydatność	230 - 240 Volt
tworzywo	metal
ściemnianie	snur opornik
Cokół / Oprawka	R7s
Moc (maks. W)	300 Watt
świeczniku Wymiary	30 cm
dystrybucja światła	pośrednio
Dimensions	H 187 cm

Opis

The Lumina Opus floor lamp is a real design highlight to every ambience. Its luminaire body represents the simple version of a grid-shaped steel girder. You may elegantly and nearly invisibly roll the supply line of the Opus into the lamp stand plate. This floor lamp radiates an indirect and dazzle-free lighting. Even illuminating living rooms or offices is possible with the Opus making it an optimum uplight. The light intensity may be controlled via dimmer and the diffuser is swivelling due to the useful handle. The Lumina Opus is available in black or white.
