- miedź
- złoto
- srebrny

Voltage

- 230 - 240
- 110 - 125

Technical details

Kraj produkcji	 Włochy
producent	Catellani & Smith
projektant	Enzo Catellani
rok	1997
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	110 - 240 Volt
tworzywo	aluminium, stal
ściemnianie	Przewód ściemniacza z suwakiem
LED	łącznie
Wskaźnik oddawania barw	80
Temperatura barwowa w stopniach Kelvina	2600 - 2800

Opis

The Catellani & Smith Stchu-Moon 1 is a floor lamp made of an aluminum hemisphere. The interior has an irregular, relief-like surface covered with gold leaf, silver leaf or copper. The external part of the hemisphere is kept in matt black for all versions. The reflectors containing the lamps are also in black and illuminate the inside of the hemisphere. The floor lamp is available in two sizes: with a diameter of 40 cm or 60 cm. The version with 40 cm diameter has a reflector, the version with 60 cm has two reflectors. A dimmer with slider is integrated on the cable.
