### **Opis**

The Vistosi Balance SP G is a pendant lamp with a lamp shade made of white glossy crystal glass. The 3-fold coated crystal glass is processed by hand and mouth-blown. The light is emitted by this lamp homogeneous and glare-free. The Balance SP G is 18 cm high, 56 cm long and 48 cm wide. This pendant lamp is offered as an E27 lamp and as two lamps with integrated LED. The E27 lamp can also be operated with replaceable LED retrofit bulbs. One LED lamp can be dimmed with a trailing edge phase dimmer, the other LED lamp is 0-10 volt dimmable. Both LED lamps are supplied as standard with a colour temperature of 2,700 Kelvin extra warm white; on request, both are also available with 3,000 Kelvin warm white. Both LED lamps have a metal suspension in matt white, the E27 lamp in nickel-plated white. The cable can be shortened if necessary. With the supplied ceiling hook, the pendant lamp can also be mounted independently of the power outlet.
