Technical details

Kraj produkcji	 Niemcy
Producent	Holtkötter
Projektant	Holtkötter
rok	2020
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania	LED
napięcie przydatność	110 - 240 Volt
Projekcja w cm	38
tworzywo	metal
Regulacja wysokości	z regulacją wysokości
ściemnianie	Dotknij ściemniacze światła na pątyku
Moc w watach	16,6 W
LED	łącznie
Wskaźnik oddawania barw	>95
Strumień świetlny w lm	1.660
Temperatura barwowa w stopniach Kelvina	Dim to warm
średnica reflektora	9 cm
świecznika Wymiary	25 cm
wymiana żarówek:	u producenta / w fabryce
Dimensions	H 120 - 150 cm

Opis

The Holtkötter Aura S floor lamp has a metal reflector which can be aligned as desired. This allows the light to be directed exactly to where it is needed. The metal reflector is available in the colours anodised brass, black, platinum and matt aluminum. In addition, the floor lamp is offered in the following surfaces: brass anodised, black, platinum and matt aluminum. The lamp rod and lamp base always have the same surface as the upper part of the lamp head.

The Aura S from Holtkötter can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the lamp rod. When dimming, the Dim-to-warm technology used changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The Aura S glass with a mouth-blown glass is also available from the series.
