

Bopp

At Ceiling Lamp 70

Oberfläche

- aluminium
- biały

Dimmbarkeit

- ściemniające z przecinaniem fazy i ściemniaczem z regulacją fazy
- z modułem Casambi
- z modułem ZigBee

Technical details

Kraj produkcji	 Niemcy
Producent	Bopp
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania	LED
napięcie przydatność	230 - 240 Volt
Średnica w cm	70
tworzywo	aluminium
Moc w watach	32 W
LED	łącznie
Wskaźnik oddawania barw	90
Strumień świetlny w lm	4.400
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
Dimensions	H 25 cm Ø 70 cm

Opis

The Bopp At is a spirally curved ceiling light with an integrated LED. The LED runs completely around the inside of the curved lamp. This illuminates the lamp itself and at the same time emits a light effect onto the ceiling. The integrated LED with an output of 32 watts has a colour temperature of 2,700 Kelvin extra warm white. This LED ceiling light made of aluminium has a diameter of 70 cm and is 25 cm high. The round ceiling bracket of the Bopp At has the same surface as the lamp. The ceiling mount has a diameter of 20.6 cm and is 4 cm high. The At ceiling light by the German manufacturer Bopp is available in the surfaces polished aluminium and white. The lamp is available in three versions: dimmable via the existing household electrical system with a trailing edge and / or leading edge phase dimmer (not included in the scope of delivery), with Casambi module or with ZigBee module. With a Casambi module, it is possible to operate the ceiling light via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the lamp on at specific times via a timer. ZigBee enables wireless communication via WLAN between a Smart Media device and existing home technology. Using ZigBee, lamps, electric shutters, heating and loudspeakers, among other things, can be controlled via voice control.
